Sir:

I, Daniel R. Shepard, declare that:

- (1) My residence, post office address, and citizenship are as stated below next to my name;
- (2) I believe that I am the sole, original and the first inventor of the subject matter which is claimed in the above-referenced application for reissue and for which a patent is sought;
- (3) I believe that the original patent is wholly or partially inoperative by reason of my claiming less than I had the right to claim and that this error is being relied upon as the basis for filing this reissue application;
- (4) An error being relied upon as the basis for this reissue application, under 37 C.F.R. §1.175(a)(1), has been previously and properly stated in a previous reissue Oath/Declaration and is still being corrected herein;
- (5) The claims of this reissue application are broadened;
- (6) I have reviewed and understand the contents of the specification of this reissue, including the new claims referred to in this Oath/Declaration, as well as the amendment submitted herewith;

- (7) All errors being corrected in this reissue application up to the time of filing of this Supplemental Oath/Declaration arose without any deceptive intention on my part;
- (8) I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
